Nissan Offers KIUC Members

\$10,000 Rebate on a New Nissan LEAF® Sedan

Līhu'e, Kaua'i, HI – 04/27/2017 – Nissan North America is again offering KIUC members access to a \$10,000 rebate off the manufacturer's suggested retail price on the all-electric Nissan LEAF® sedan at participating dealers. KIUC members who buy a new 2016 or 2017 LEAF S, SV, or SL can receive the rebate at purchase by presenting their electric bill and the flyer, which is available for download and printing on the homepage of the KIUC website: www.kiuc.coop. The offer is valid through June 30, 2017, or while supplies last.

“We're excited to continue to work with Nissan to offer our members this opportunity to save money on electric vehicle purchases,” stated KIUC's President and Chief Executive Officer, David Bissell.

Combining the special rebate and \$7,500 in federal tax incentives, coop members could save up to \$17,500. The 107-mile range 2017 LEAF, which needs no gasoline, no oil changes and very little maintenance, has a list price starting at \$30,680.

According to Ryan Mackey of Kuhio Nissan: “We have a number of LEAFs in stock and look forward to talking to individuals interested in taking advantage of this affordable, clean transportation option.”
